

Join ISSS for a True Halloween Experience!

Autumn is the time for the fall harvest and cooler temperatures. In the U.S., it's also Halloween time! ISSS is offering the chance for you to take part in an exciting Halloween activity called the Haunted Express Train Ride. We will take a ride on a classic old steam-powered train. The ride will end at an old train station in the hills, which will be decorated like a haunted house. We will see many scary scenes and people dressed up in macabre costumes. It is fun and harmless. The event will provide many laughs and a lot of fun!

DATE: Saturday, October 24
