Join ISSS for a True Halloween Experience!

Autumn is the time for the fall harvest and cooler temperatures. In the U.S., it's also Halloween time! ISSS is offering the chance for you to take part in a traditional Halloween activity which Buffalonians look forward to all year called a Haunted Hayride (people of all ages enjoy being scared in this case!). We will go to a Western New York farm and take a ride through the darkness in an open farm cart. We will see many scary scenes and people dressed up in macabre costumes. It is fun and harmless. There will also be a giant maze to walk through….You can *try* not to get lost in it! There will also be a "haunted" barn to walk through too. The evening will provide a few scares, many laughs and a lot of fun!
