

DATA ACCESS REQUEST FORM

Students conducting graduate-level research at the thesis or dissertation level may apply for access to the University at Buffalo international student and/or study abroad participant populations. The Office of International Education supports serious research efforts in the field of international education. To that end, we will assist UB graduate students conducting thesis or dissertation studies focusing on international educational exchange whenever possible.

All request forms must be submitted with required documentation to Dr. Stephen C. Dunnett, Vice Provost for International Education at the above address. An International Education Data Access Committee will review each complete application.

Name: _____ Date: _____
 Mailing Address: _____ Email Address: _____
 Local Telephone #: _____ UB Department: _____
 Intended Degree: _____

Application Checklist:

- Attach letter to International Education Data Access Committee describing precisely what population you would like to contact, your optimal time frame, and any other relevant information for consideration.
- Attach copy of thesis / dissertation proposal.
- Attach copy of survey instrument and proof of Human Subjects Committee approval.
***Please note: under no circumstances will an application be considered prior to Human Subjects Committee approval.**
