Please join us for the 13th annual meeting of faculty and graduate students in the Ontario/New York region to share research and explore areas of common interest in law and society. Send your ideas and suggestions for individual presentations, small group topics, or plenary sessions to me at Lmather@buffalo.edu and I will forward them to the Regional Planning Committee. We will have a draft conference program very soon and will circulate it to you all.

We hope you will be able to participate.
