INVITATION TO PARTICIPATE IN INTERNATIONAL STUDENT SURVEY

Dear International Student:

Greetings from the University of North Texas in Denton, Texas! I am a former international student, just like you, who came to this country in 1979 to pursue higher studies.

I am contacting you with a special request for your voluntary participation in an online survey research project about the experience of international students in this country.

Your participation in the survey is critical because you represent the views of many international students, a vital part of the university community in the U.S. Hopefully, the results of this survey will help American universities understand their international students and their concerns a little bit better. This, in turn, will hopefully improve the experience for those who follow in your footsteps.

To begin the survey, please click OR copy and paste the following link into your browser:

Please be sure to go all the way and click the Submit Survey button at the end to save your data.

If you have any questions, please feel free to contact me. I appreciate your time and effort.

Best regards,

Gopala “GG” Ganesh, Ph.D.
University Distinguished Teaching Professor
