DEFINITIONS

Accident (Accidental) means a sudden, unexpected and unforeseen, identifiable event producing at the time objective symptoms of an Injury. The Accident must occur while the Covered Person is insured under the Plan.

Covered Medical Expense means an expense actually incurred by or on behalf of a Covered Person for those services and supplies which are:

(1) Administered or ordered by a Physician; (2) Medically Necessary to the diagnosis and treatment of an Injury or Sickness; (3) Are not excluded by any provision of the Policy; and incurred while the Covered Person's insurance is in force under the Policy, except as stated in the Extension of Benefits provision. A Covered Medical Expense is deemed to be incurred on the date such service or supply which gave rise to the expense or charge was rendered or obtained. Covered Medical Expenses are listed in Table 3 and described in Section 2.

Emergency Hospitalization and Emergency Medical Care means hospitalization or medical care that is provided for an Injury or a Sickness condition manifesting itself by acute symptoms of sufficient severity including without limitation sudden and unexpected severe pain for which the absence of immediate medical attention could reasonably result in: (1) Permanently placing the Covered Person's health in jeopardy, or (2) Causing other serious medical consequences; or (3) Causing serious impairment to bodily functions; or (4) Causing serious and permanent dysfunction of any bodily organ or part. Previously diagnosed chronic conditions in which subacute symptoms have existed over a period of time shall not be included in this definition of a medical emergency, unless symptoms suddenly become so severe that immediate medical aid is required.

Injury means bodily injury caused directly by an Accident. It must be independent of all other causes. To be covered, the Injury must first be treated while the Covered Person is insured under the Policy. A Sickness is not an Injury. A bacterial infection that occurs through an Accidental wound or from a medical or surgical treatment of a Sickness is an Injury.

Medically Necessary services or supplies are those that the Insurer determines to be all of the following: (1) Appropriate and necessary for the symptoms, diagnosis or treatment of the medical condition; (2) Provided for the diagnosis or direct care and treatment of the medical condition; (3) Within standards of good medical practice within the organized community; (4) Not primarily for the patient’s, the Physician’s, or another provider’s convenience; (5) The most appropriate supply or level of service that can safely be provided. For Hospital stays, this means acute care as an inpatient is necessary due to the kind of services the Covered Person is receiving or the severity of the Covered Person’s condition and that safe and adequate care cannot be received as an outpatient or in a less intensified medical setting. The fact that a Physician may prescribe, authorize, or direct a service does not of itself make it Medically Necessary or covered by the Policy.

Reasonable Expense means the normal charge of the provider, incurred by the Covered Person, in the absence of insurance, (1) for a medical service or supply, but not more than the prevailing charge in the area for a like service by a provider with similar training or experience, or (2) for a supply which is identical or substantially equivalent. The final determination of a reasonable and customary charge rests solely with the Insurer.

Sickness means an illness, ailment, disease, or physical condition of a Covered Person starting while insured under the Plan.

**LIMITATIONS AND EXCLUSIONS**

**PRE-EXISTING CONDITION LIMITATION**

The Insurer does not pay benefits for loss due to a Pre Existing Condition while the Covered Person is continuously insured during the first 6 months of coverage unless a Written request for dependent coverage is submitted within 30 days following the date on which he or she first becomes eligible for coverage starting on the Eligible Participant’s effective date of coverage. Pre Existing Conditions will be covered after the Covered Person’s coverage has been in force for 6 months however, a Pre-Existing Injury or Sickness covered after the Pre-Existing waiting period will be subject to the same limitations and exclusions as an Injury or Sickness incurred during Coverage under this Policy. The origin, cause, or nature of the Pre-Existing Injury or Sickness will be used to determine the applicable Coverage, limitations, and exclusions. This limitation does not apply to the Medical Evacuation Benefit, the Repatriation of Remains Benefit and to the Bedside Visit Benefit.
GENERAL POLICY EXCLUSIONS

Unless specifically provided for elsewhere under the Policy, the Policy does not cover loss caused by or resulting from, nor is any premium charged for, any of the following:

1. The voluntary use of illegal drugs; the intentional taking of over the counter medication not in accordance with recommended dosage and warning instructions; and intentional misuse of prescription drugs.
2. Plastic or cosmetic surgery, unless they result directly from an Injury which necessitated medical treatment within 24 hours of the Accident.
3. Expenses incurred as a result of pregnancy that is not covered.
4. Participating in an illegal occupation or committing or attempting to commit a felony.
5. Treatment to the teeth, gums, jaw or structures directly supporting the teeth, including surgical extraction's of teeth, TMJ dysfunction or skeletal irregularities of one or both jaws including orthognathia and mandibular retrognathia, unless otherwise noted.
6. Loss due to war, declared or undeclared; service in the armed forces of any country or international authority and participation in a riot
7. Riding in any aircraft, except as a passenger on a regularly scheduled airline or charter flight.

ACCIDENTAL DEATH AND DISMEMBERMENT BENEFIT

Maximum Benefit Principal Sum up to $5,000

The Insurer will pay the benefit stated below if a Covered Person sustains an Injury in the Country of Assignment resulting in any of the losses stated below within 364 days after the date the Injury is sustained:

<table>
<thead>
<tr>
<th>Loss</th>
<th>Benefit</th>

</tbody>
</table>

Loss of one hand or loss of one foot means the actual severance through or above the wrist or ankle joints. Loss of the sight of one eye means the entire and irrecoverable loss of sight in that eye.

If more than one of the losses stated above is due to the same Accident, the Insurer will pay 100% of the Principal Sum. In no event will the Insurer pay more than the Principal Sum for loss to the Covered Person due to any one Accident. The Principal Sum is stated in Table 1 of the Schedule of Benefits. There is no coverage for loss of life or dismemberment for or arising from an Accident in the Covered Person’s Home Country.
