

University at Buffalo (UB) Environmental Engineering and Science Spring 2006 Seminar Schedule

sponsored by

Department of Civil, Structural and Environmental Engineering, Great Lakes Program
Center for Integrated Waste Management, Severson Environmental Services, Inc.

Date/Time	LOCATION	SPEAKER	PRESENTATION TITLE
1/20 (Fri) at 11am	223 Jarvis	EES Faculty	EES Program Meeting
1/27 (Fri) at 11am	206 Furnas	Mr. Karl Bandilla <i>Ph.D. Candidate, CSEE, University at Buffalo</i>	Large-Scale Modeling of Groundwater Flow Using AEM
2/3 (Fri) at 11am	206 Furnas	Dr. James Jensen <i>Professor, CSEE, University at Buffalo</i>	Environmental Infrastructure After Hurricanes Rita and Katrina: A First-hand Account
2/10 (Fri) at 11am	140 Ketter	Dr. Ken Stewart <i>Professor Emeritus, Biology, University at Buffalo</i>	Climate Signals From Lake Ice
2/17 (Fri) at 11am	140 Ketter	Mr. Peter J. Merlo, P.E. <i>Principal Engineer, City of Buffalo</i>	City of Buffalo Division of Water: Public / Private Partnership
2/24 (Fri) at 11am	140 Ketter	Dr. Sean Bennett <i>Associate Professor, Geography, University at Buffalo</i>	Assessing Sedimentation Issues Within Aging Flood Control Reservoirs
3/3 (Fri) at 11am	140 Ketter	Dr. Pavani K. Ram, M.D. <i>Research Assistant Professor, Social and Preventive Medicine, University at Buffalo</i>	Public Health Without Borders: Viruses Don't Need Visas
3/10 (Fri) at 11am	140 Ketter	Mr. Paul Fuhrmann <i>Biologist, Ecology and Environment Inc.</i>	Habitat Restoration And Invasive Species Management
3/17 (Fri)		SPRING RECESS: NO SEMINAR	
3/24 (Fri) at 11am	140 Ketter	Dr. Jason Briner <i>Assistant Professor, Geology, University at Buffalo</i>	Fjords and Ice Sheet Dynamics
3/31 (Fri) at 11am	140 Ketter	Ms. Samuela Franceschini <i>Ph.D. Candidate, CSEE, University at Buffalo</i>	Decision-Making Under Uncertainty: An Introduction to Uncertainty Analysis Methods
4/7 (Fri) at 11am	140 Ketter	TBA	
4/14 (Fri) at 11am	140 Ketter	Dr. Diana Aga <i>Assistant Professor, Chemistry, University at Buffalo</i>	Influence of Wastewater Treatment Plant Design and Operation on the Fate of Pharmaceutical Compounds
4/21 (Fri)	Student Union	ESI COLLOQUIUM	
4/28 (Fri) at 11am	140 Ketter	Dr. Bill Ball <i>Professor, Geography and Environmental Engineering, John Hopkins University</i>	Coping with Complexity: Remediation, Risk Reduction, and Restoration in the Face of Uncertainty and Impracticability
