UB Residency Training Administrators/Coordinators Honored

Le Metro, 5110 Main Street in Williamsville was the venue for the annual Graduate Medical Education reception honoring the Residency Training Administrators/Coordinators on Tuesday, December 9, 2008.

The program administrators/coordinators work closely with Program Directors, Faculty and Residents to organize and support all aspects of our training programs.

With laughter filling the room, this annual event was enjoyed by all. Le Metro's inviting atmosphere and appetizing menu, permitted all in attendance to relax while taking some well deserved time away from the office.
