

Tentative Programming for
Incoming Residents Week (IRW) 2009
Monday, June 22nd – Friday, June 26th

Register for IRW by April 15, 2009 at:
<http://resident.med.buffalo.edu/register/>

Residents in Anesthesiology, Internal Medicine/SUNY, Med/Peds, Neurosurgery, OB/GYN, O/M Surgery, Osteopathy, Psychiatry, and Surgery must be **Advanced Cardiac Life Support (ACLS)** certified prior to beginning orientation June 22nd. A "Resident Request for Reimbursement" form to be used by residents in those programs is enclosed. We encourage residents to take a certification course prior to arriving in Buffalo.

Wednesday, June 17 & Thursday, June 18:

*Advanced Trauma Life Support (ATLS) training for the **Emergency Medicine & Categorical Surgery residents**. Detailed information and study materials will be mailed to you in May.*

Saturday, June 20 & Sunday, June 21:

*Pediatric Advanced Life Support (PALS) training for **the Pediatric, Family Medicine, Emergency Medicine, Osteopathic and Med/Peds residents**. Detailed information and study materials will be mailed to you in May.*

Monday morning, June 22nd: **All Medical & Dental Residents** report for IRW registration. Details will be mailed in May. Tentative programming includes:

- *Employment Physicals*
- *Insurance Enrollment*
- *Payroll*
- *Fingerprinting*
- *Lab coat fitting & distribution*
- *Resource Room (representatives and information on local banks, daycare, housing, and local attractions will be available)*
