

Curriculum Writing Workshop

October 23, 2008
9:30 am to 4:30pm
South Campus
Lippschutz Room (125 BEB)

The Offices of Graduate Medical Education and Continuing Medical Education are working in conjunction with the Royal College of Physicians to provide on an educational activity for Program Directors and/or their designees:

- To identify key components of a curriculum
- To practice writing learning outcomes (objectives)
- To identify knowledge, skills and behaviors for each specialty curriculum
- To draft selected components of a curriculum
- Identify teaching and learning strategies
- Identify key principles when developing an assessment system as part of curriculum development
- To clarify the writing process and the way forward

To register for this workshop please contact Donna Harber in the Office of Continuing Medical Education:
